### Introduction

The "Suzdal Courses for Young Psychiatrists" is a three-day event held within the framework of the RSP educational programs at the II Congress on Mental Health: Meeting the Needs of the XXI Century. The Suzdal Courses for young psychiatrists form a logical continuation for the famous Suzdal Schools which are being held regularly since 1979 and have become the significant event for the Russian professional society.

---

### Goals and Objectives

To contribute to professional development of young psychiatrists in the field of mental health under the system of continuous medical education
